

Directions to the Blue Room
(County Commissioners' Briefing Room)
Old Guilford County Courthouse

On I- 40 and I-85 coming from either the West or the East:

Driving Directions

1. go north off of the Elm-Eugene St exit. Keep straight (the name changes but keep going straight north) until you reach Washington Street.
2. Turn right onto Washington Street. (you will pass the Municipal Building on your left)
3. Drive past the next traffic signal (at the Greene St. Intersection).
4. Make an immediate left turn into the parking garage (the "Greene Street Parking Deck"). There are two entrance activation devices; the first is for frequent users with a magnetic card, while the second is for other users. Take a ticket (from the second entrance activation device) and bring it with you for a signature, in order to have the parking charges waived.

Walking Directions

Leave the Greene Street parking deck. Cross Greene Street. Go towards Melvin Municipal Office Building (MMOB). Head North to North end of building. Continue walking north as you pass the MMOB and walk straight across the courtyard to the Old County Courthouse Building, an old granite building in the Greek-revival style (it is directly to the north of the MMOB; the modern courthouse is to the west.)

Enter building and ascend the short flight of stairs. Turn left and walk down the central corridor. The Blue Room/County Commissioners' Briefing Room is the second-last door on the right side of the corridor.
